

JOIN THE CORPS

The **Environmental Conservation Corps** at The Sustainability Institute is an AmeriCorps-affiliated program that recruits youth (ages 17-24) to serve the Lowcountry community by expanding food access and completing environmental conservation projects through skill-building and hands-on experience.

The service projects focus on **outdoor conservation** (e.g. build gardens, construct park paths, restore wildlife habitats) and **home weatherization** (e.g. improve insulation and install water saving devices).

BENEFITS

- Earn a bi-weekly stipend
- Serve your community
- Learn in-demand job skills
- Obtain industry certifications (e.g. OSHA-10)
- Earn education award
